"You've had it lady!" William Franklin Clifford, 11, quoted his father as having declared as the shooting began.

He told officers Clifford, who weighs about 165, held the 95-pound mother of four as the first shots were fired. Sheriff L.S. "Slim" Johnston said the first bullet missed Mrs. Clifford and imbedded in the apartment wall.

## Letter To The Editor

Dear Editor and Citizens,

The reactions to the Citizens Meeting of April 5 reminded me of a wise old saying by Confucius. "The gem cannot be polished without friction, nor man without trials".

The letters to you last week and your editorial concerning the achievements of our high school people were very appropriate. No one is in a better position than myself to know the high quality of young people in this community. Their ability to think and produce far exceeds those of a generation ago. Perhaps this explains their right to be impatient at times with our leadership as parents.

There is an indication on the part of some adults to hold responsible the youth for the chaotic, frustrating, and insecure world in which they find themselves. It is uncomplimentary to our intelligence to say that the youth is responsible for the moral and spiritual climate of a nation or any community.

There are some who expect this citizens group to deal with those personal incidents of the past which have already been dealt with and are no longer on the docket. Rest assured this committee must involve itself with the upgrading of leadership that can and should be given this community in order to provide the climate for growth and development that the youth of this community deserves. If our goals are less worthy than this, our failure as a group is imminent.

A major problem that concerns our nation and community is a general lack of respect for authority. This fact is evident at every turn of the printed page.

The greatest nemesis to a satisfactory solution of problems that face people in places of authority such as school, city, and community is a lack of respect for the authority vested in those who hold these positions.

Young people have and will continue to do those things for which they expect to be dealt with. Far too often parents oppose the persons in place of authority and by so doing they no longer are a part of a solution but become a part of the problem.

No claims of immunity to mistake or error is made for those in place of authority. Most of such problems dealt with could be dealt with many different ways. There is no formula or prescription, there is no single solution that could not be found wanting. The important fact is that without parent and authority cooperation there is no satisfactory solution. As consequence, our youth become confused as to what is required of them and lose respect for those who should give them leadership. It would be well for our youth to remember that there are organizations to which they seek membership which require living standards different from

that in their home. The home experience is no excuse for violating the rules for the group to which you have voluntarily joined. The person in authority must exercise his authority in administration of the philosophy of that organization or the organization is not worthy of your time and effort.

W.R. Wallace once said, "The hand that rocks the cradle is the hand that rules the world". This is the theme of my challenge to the parents of this community.

Let me say in conclusion that if we are serious as adults in the matter of preserving the moral and spiritual values in this community as well as our nation and we are looking for those people responsible for this, let's look in the mirror. I have looked and am disappointed. It is my intention to stand up and be counted. How about you?

Oscar Hinger

## Thinclads Second At Hereford

Canyon High School placed second in the Hereford Triangular Track Meet in Hereford last Thursday.  
 The Eagles grabbed five first place trophies, and three second place position, in romping to second place in the tourney. Hereford won the meet, while Tulia finished third.  
 Gary McAtee led the Canyon tracksters to the runnerup finish, taking the low hurdles, placing second in the high hurdles, and running on the mile relay team which finished first.  
 McAtee had a 20.2 mark in the low hurdles and a 15.1 timing in the high hurdles. The mile relay team, composed of McAtee, Dwayne Bevers, Charles Bussy, and Tom Lair, won the victory trophy with a 3:34.2 time in the event.  
 Other first place finishers were Stan James in the 880, Tom Lair, in the 440, and Charles Bussy with a tie in the pole vault event. Bussy vaulted 12 feet, while James streaked to a 2:08 finish in the 880. Other high finishers were Alec Gordon second in the shot putt, Randy Harrison second in the discus, and Henry Gill third in the 880. Standout trackster Wayne Brewer, who pulled a muscle several weeks ago, participated in the mile run, finishing fourth. Brewer is normally a sprinter, but he participated in the distance events only, as a precaution from reinjuring the leg muscle.  
 Brewer is a doubtful sprinter in the district track meet in Perryton this Saturday. If the trackster can't compete in the sprinting events, the Eagles will be dealt a serious blow in the meet.  
 All district teams are entered in the meet, with Dumas the favorite. First and second place finishers in all events, except the relays will advance to the regional meet.

## Eagle Nine Play Again Tuesday

Coach Tom Buchanan's baseball Eagles broke into the victory column last week with an easy 14-1 decision over Nazareth. The contest got the Canyon team off on the right foot, as it made its debut into interschool diamond competition.  
 This week, the Eagles prepare for a return engagement against Nazareth on the latter's home field next Tuesday. The Eagles showed surprising hitting strength in the first game, bombing 12 hits, four of them extra base jobs.  
 Righthander Tom Lair took the pitching decision, allowing but three hits in four innings of work.  
 Nazareth, which generally in the past has been recognized as a strong baseball town, showed little offensively and even less from a pitching standpoint. The Eagles knocked out starter David Keller of the Swifts in the first frame last week.  
 Catcher Yogi Rossi led the hard-hitting Canyon line with two hits and three runs batted in, one of his hits a booming drive over the left centerfield fence. Also gathering two hits were Jerry Davis, Lair, and James Evans.  
 Defensively, the Eagles have strong performers in Pat Williams at shortstop and Rossi behind the plate. Dan Howard also saw pitching action in the season opener, pitching the final innings without giving up a hit.  
 District action for the Eagles is just around the corner, and from the looks of things the Dumas Demons will be the team to beat. Dumas has been beaten only once this season in 15 outings.  
 Gametime against Nazareth Tuesday is 4 p.m. on the Nazareth Baseball Field.

an increase was merited. He said there was a possibility that instead of charging each business as to type, charges might be based on tons of garbage collected.

A total of \$20,000 was allowed for the unit in the recently adopted budget for the city.

Gwyn said the unit would probably be delivered in 90 days by the manufacturing company.

Gross vehicle weight of the truck is 35,000 pounds and the 79 containers will be constructed of 10 gauge steel.

In other commission action, Mrs. Buddy Foster was appointed election judge for the run-off election Saturday that will pit incumbent George Ritter and A.B. Holt for commissioner, place 3.

Mrs. Foster has helped conduct other elections, Gwyn said, and is qualified to hold the position. She was also given authority to choose those who will assist her in conducting the election.

City commissioners also authorized the city manager to ask for bids for a group hospitalization and life insurance program.

He will seek bids for the group plan to cover some 35 city employees and their families.

Specifications call for an insurance that will be transferable in the event an employee resigns from the city, and a plan that would include a minimum amount of life insurance. "We are looking," Gwyn said, "for a policy that primarily covers hospitalization—not life insurance."

Outgoing Mayor Clarence Thompson read a letter from Oscar Hinger, Rex Reeves elementary school principal, requesting that two commissioners serve on a newly formed citizens committee for research on drinking and moral problems among Canyon's youth. H.R. Fulton and George Ritter were appointed by Thompson to the committee.

In other action, Municipal Judge Burney Slack conducted swearing-in ceremonies for newly elected mayor Paul Lindsey and commissioner for place 2, H.R. Fulton.

Gwyn requested and received permission to attend the 19th annual City Managers School Wednesday through Friday at the University of Kansas in Lawrence. He told commissioners the trip would cost about \$175.

No action was taken by the commission on paving requests for subdivisions in the city.

## Men Can Par Course Too

Men can also par the course at Canyon City Club according to Gene Deeds, greens manager. Deeds reports that Bob Smith, had a low score of 35 on the nine hole course last week. Smith was one under par. Golfing with Smith at the time were Clyde Miller and Cecil Parkhill.

Monday afternoon Larry Daniel made a par of 36 on the nine hole course while playing with Keith Keeling who scored 37. Later in the day, Daniel scored 37 and 42 on two rounds played with Joe Ziegler.

Improvements at the City Club are underway and fertilizer is currently being added to the fairways according to Deeds.

## "Carousel" Stars

THE SNOW FAMILY represents the solidarity and conservatism of New England life in West Texas State University's production of "Carousel" which opens Wednesday, April 20. Mr. and Mrs. Enoch Snow are played by Jerry Curry of Levelland and Jo Ella Cansler of Hereford. The Snow children are played by Matthew Betzen, the baby, Steven Kenworthy

Don Boaz and Buddy Henderson, Austin, representatives of the Texas Animal Health Commission, asked commissioners to send someone along with them to aid in making on premises inspection for scabies in the county. Cattle here are under federal quarantine for scabies.

Henderson said he hopes the quarantine will be lifted by May 1. Only one case of scabies has been traced to Randall County so far.

expense. Price said Vietnam will be an issue in the campaign.

The candidate indicated that during the campaign he will explore the reasons for our being in Vietnam and discuss what should be done there now. He expressed belief that we are justified in being in Vietnam.

He noted that inflation is an ever growing problem.

He charged that "our congressman" (Rogers) has failed to sell this area to industry. "People are wanting more jobs," he declared.

Price declared that water conservation needs more attention than it is getting and pledged himself to a fight for depletion allowance for underground water and said he would do battle to see that control of underground water remain in the hands of the surface owner.

He noted that government control of underground water is a possibility.

In winding up his short talk, Price promised a vigorous campaign.

About 25 persons attended the opening of the office. In the group were four of five Republicans running for offices in Randall County.

## Alumni Grid Game Is Saturday Night

Though springtime may not be football season, no one will be able to tell it at West Texas State University this Friday at 7:30 p.m.

That time is the scheduled kickoff for the fifth annual varsity-alumni game at the University. This year's contest shapes up as another wide-open and offensive battle, with both sides boasting strong scoring potentiality. Coach Joe Kerbel will depend upon the rifle arm of Spencer "Hank" Washington for the instant touchdown. Washington will have receivers like Dave Szymakowski, Ted Wheeler, Mike Bailey, Dan Andrews, and Eugene Morris to catch his aerial offerings.

Morris has been nothing shy of tremendous during the past few weeks of spring drills, showing great elusiveness as a running back and consistency as

a pass receiver. Other offensive Varsity weapons which the Alumni will have to cope with include halfbacks Curley Waters and Ronnie Mankin, along with powerful fullbacks in Albie Owens and Tom Moody of the Varsity.

Eleven seniors from the 1965 Herd team will be available for the Alumni, along with such stars of the past as Jerry Don Logan, Jerry Richardson, Tommy Joe Coffey, and Bob Petrich. The latter four will play for the Alumni, provided that their being on hand is possible. Big George Allen and Butch Walterscheid will be a couple of last season's seniors playing. Both great Buffaloes have signed professional football contracts.

The Alumni holds a 3-1 edge in the series, losing its only game in 1964 by a 34-0 count. Pistol Pete Pedro, Richardson and Logan led the way to the Alumni margin.

Last year, the Varsity romped 52-13, showing great offensive and defensive balance.

## Burglary Reported

Craig Bellah and Rickey Butler Tuesday night told police they surprised a prowler at the Bob Bellah home, 509 Holman Lane, about 8:10 o'clock.

The boys said the burglar, described as a boy with long blond hair and wearing a dark jacket, ran out of the house and fled.

They told police they found a silver coffee pitcher in the front yard and later discovered two pieces of sterling from the Bellah home in a nearby vacant lot.

The boys enlisted the aid of Dennis Butler who was visiting a neighbor and gave chase. They sighted the prowler once more but finally lost him.

Officers said everything taken from the home apparently was recovered.

The Dairy Freeze on Highway 87 was entered early this week. A cash drawer containing about \$100 was taken. Officers are investigating.

## Sorority Sponsors "Charity" Ball

"Charity Ball" sponsored by Chi Upsilon chapter of Beta Sigma Phi sorority was planned at a meeting Tuesday in the Girl Scout Building.

The ball will be held Friday, April 22, at the Junior Livestock Building with the dance to begin at 8 p.m. Tickets are selling at \$1.25 per person and the "Torquays" of Checkmate productions will play. The dance is designed for high school and junior high students.

Refreshments will be sold and all proceeds will go to the scholarship fund for the outstanding high school graduate.

Other events discussed at the meeting with Mrs. Speck Benham, president, officiating were the Founder's Day ball which will be held at the Americana Motor Inn April 30 beginning at 7:30 p.m. Members of Chi Upsilon and Xi Kappa Zeta chapters will be hosts for

## BP Group Sells Subs

Collecting subscriptions to the Canyon News will be a fund raising project to help defray costs of various activities planned by the Canyon High and Junior High Bands.

The drive, slated April 21, will help pay costs of picnics for the sixth grade and junior high bands, annual banquet for seniors of the high school and the senior high band's trip to the Musical Festival contests in Six Flags later this year.

Canyon Band Parents Club is sponsor of the drive, said Raymond Raillard, president.

Plans are to canvas the town Thursday night from 7 to 9 o'clock and collect renewal orders and new subscriptions.

"We want everyone to know that even though they may have recently subscribed or renewed their subscription, an order with us will just add another year for them to get the Canyon News," Raillard said.

Canyon Police Chief L.D. Caldwell points to a hole in the wall at the La Fran apartments. The bullet pierced the wall during a shooting incident which took the life of Mrs. Carol Shirley Clifford last Friday.

## Violence...

(Continued from page 1)

bullet hit her in the upper lip. The lip bore powder burns indicating that the gun was fired at close range. A third bullet struck the victim in the neck and passed through.

The body was face down on the apartment floor when authorities arrived. Three more slugs had been fired into the back of her head.

Four bullets were removed from the body of Mrs. Clifford. Sheriff Johnston said officers confiscated a .22 caliber Colt automatic when Clifford was arrested. Police said hollow point lead bullets were used in the shootings.

Authorities found six spent cartridges in the Clifford apartment. Jim Clifford, 8, ran out of the back door for help just before the shooting.

Dry-eyed, he pounded on the back door of the Larry Holman apartment a few yards away.

"My daddy has a gun and he's going to shoot my mother!" the little fellow screamed.

"I'll call the police," Mrs. Holman, the La Fran landlady, answered him.

"Hurry!" the boy pleaded and then dashed back to the Clifford apartment.

Mrs. Holman tried frantically to dial the sheriff's office but got a busy signal. Then she called the operator.

About that time little Jim came running back.

"He did it!" the horrified child announced. "He shot my mother."

The child left as Mrs. Holman finally got the police on the telephone.

Meanwhile, Bruce Kimery's part in the drama began to unfold.

Kimery said he was in the bathroom of the Kimery apartment, which is next door to that occupied by Mrs. Clifford, shaving when he heard loud noises coming from the Clifford apartment.

Mrs. Kimery (Jo Carol) looked out the apartment window and saw a man with a gun leaving the Clifford apartment. She told her husband.

"Then I realized the noise I had heard was shots," Kimery declared. "I grabbed my gun and went after him."

Kimery was armed with a .22 caliber pistol as he pursued Clifford to his car. Kimery, gun in hand, ran up to the front of the Clifford car which was parked at the sidewalk in front of the apartment house.

"I could see both his hands on the steering wheel," said Kimery. "I had my gun pointed at him and could have stopped him there but I didn't know what had gone on in Mrs. Clifford's apartment so I had to let him go."

"I got a good look at him when he got in the car. I was less than 10 feet from him. He shook his finger at me. If I had only known what he had done, I would have stopped him right there."

His condition was described as good early this week at Deaf Smith County Hospital and he was moved to an Amarillo hospital Wednesday for treatment of his right eye which was seriously injured by gunshot. Physicians feared that he might

lose sight with the right eye. A co-worker, less than 10 feet away from Stevens, witnessed the shooting. "He, (Clifford) walked in and just started shooting," the witness told Deaf Smith County Sheriff Lowell Sharp.

The sheriff arrived at the feed yards east of Hereford to find Clifford "waiting peacefully and calmly" to be arrested.

Co-workers with Stevens told newsmen that Stevens and Clifford had been friends for a long time and often traveled to rodeos together.

Stevens is married and the couple has a two-month-old child.

Mrs. Holman said Mrs. Clifford had lived at the La Fran about a month. At the time she moved in she had coffee with Mrs. Holman and was in a distraught condition, apparently from concern for what would be best for the children.

"They tried a reconciliation week before last," Mrs. Holman related. "Then she came back a week ago last Thursday."

Clifford was questioned at length by Sheriff Sharp. He told officers his attorney had instructed him not to make a statement. He made none.

He was arraigned Friday afternoon at Hereford and placed under \$10,000 bond there. At his arraignment before Justice of the Peace W.W. "Shorty" Hancock in Randall County he was denied bond.

Officers tried to piece together events leading up to the Easter Holiday tragedy.

Clifford visited the farm home of his wife's parents northwest of Tulia Thursday night of last week.

They said he appeared calm and even talked of trying again for a reconciliation. The Clifford infant was in the Sharp home at that time.

A Mexican laborer told Sheriff Johnston that Clifford had filled his car with gasoline and had given instructions for the hired hand's work during the day before departing for Canyon Friday morning. Clifford's conversation with the farm hand took place only minutes before the shooting erupted in Canyon.

The Clifford farm is about 15 miles northwest of Canyon. Mrs. Clifford had filed for a divorce March 31. Judge Gene Jordan issued a restraining order against Clifford April 1.

A preliminary hearing was held Wednesday of last week in 47th District Court here, only two days before the shooting. Clifford was enjoined by the court from "molesting" Mrs. Clifford.

Clifford is a farmer and rancher. He always affected Western dress and often worked as an announcer for rodeos across the area.

Mrs. Clifford was born Sept. 20, 1934 at Tulia. She was valedictorian of her graduating class at Hart High School in 1953 and was married to Clifford Oct. 20, 1953 in Tucumcari, NM.

Funeral services were held Monday afternoon in Tulia First Methodist Church with Rev. Lewis Koerselman, pastor of Tulia First Presbyterian Church, officiating. Burial was in Rose Hill cemetery.

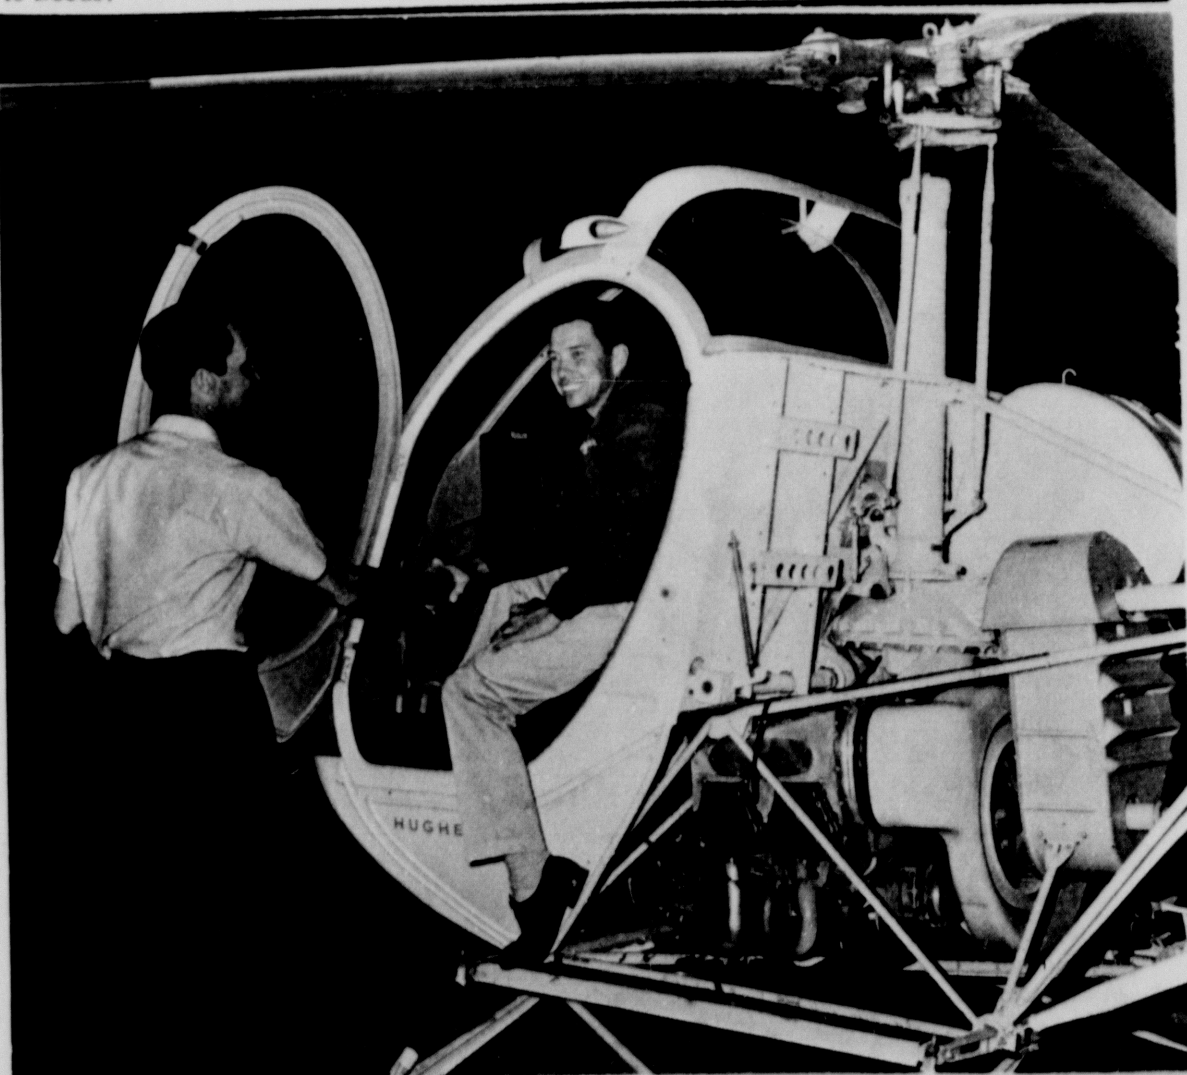

Survivors, other than the sons, husband and parents, include a brother, Frank Sharp of Tulia.

# Ceremony Unites Higgins-Berthold

Miss Linda Helen Higgins and Alfred Edwin Berthold were married Saturday afternoon in a home wedding with Rev. Russell A. Wingert, Presbyterian minister, officiating.

Urn holding white stock, gladioli and mums flanked a

pair of spiral candelabra to define the altar area in the home of the bride's parents, Mr. and Mrs. Wayne T. Higgins, northwest of Canyon.

Parents of the bridegroom are Mr. and Mrs. Alfred G. Berthold of Chevy Chase, Mary-

land.

Miss Kyla Higgins attended her sister as maid of honor and the bridegroom's father acted as best man.

Wedding music was by Miss Iva Parr of Friona, pianist.

Given in marriage by her father, the bride's gown of white satin featured a controlled skirt with a re-embroidered lace panel accenting the front. The floor-length skirt was accented with long fingertip sleeves.

Her veil of illusion flowed below the waistline from a circle of satin encrusted with lace and seed pearls and she carried a cascade bouquet of white roses and orchids.

Apricot satin was featured in the bridesmaid's street-length dress which was styled similarly to that of the bride. She wore a short veil of illusion held by a satin bow and carried roses in an apricot shade.

For the reception after the ceremony, the dining table was draped with white satin overlaid with satin-bordered white net. Silver candelabra held spiral candles and the centerpiece was of white roses. The three-tiered wedding cake, topped with white satin bells, was set on a circular reflector.

The bride changed to a navy blue suit with circular cuffs of lace accenting the three-quarter sleeves for the wedding trip to Acapulco, Mexico. Accessories were white and her corsage of orchids was lifted from the bridal bouquet.

The couple will reside in Lubbock where both will continue studies at Texas Technological College. A sophomore majoring in art education, the bride graduated from Hereford High School. A senior architectural major, the bridegroom was graduated from Landon School for Boys in Bethesda, Maryland.

## JCs Offer "Package" Contracts

A "package contract" is being offered by the Canyon Junior Chamber of Commerce to businessmen for a total of \$50.

"This is our first year to try a package deal," said Wayne Edmondson, president, explaining that the package contract would include a flag contract (\$10), an associate membership in the Jaycees (\$12), some \$20 worth of Radio Day advertisement, two tickets each for the annual Old Settlers barbecue and the Jaycee installation banquet (\$9.50), and a shaving permit (\$1).

"Our local people usually support each of these projects but it seems that we are always contacting them for something so we decided on this once-a-year contract deal and it will sell for \$50," stated Edmondson.

Funds from the project will be used by the club's treasury for such annual projects as support of the Easter Egg Hunt, the Fish Rodeo, and many other events designed for the youth during the year.

# Handicapped To Exhibit In Local Hobbyist Show

BY LORENA MILLER

A first-hand account of efforts being made to educate retarded children of the Panhandle area can be given by Mr. and Mrs. Oren Fisher of Canyon.

The Fishers are in the center of activities surrounding retarded children of the area as she is director of the American Council for Retarded Children's School in Amarillo and he is an instructor in the school.

Work done by the retarded children of their school will be among exhibits on display at the "hobby and craft" show of the Woman's Book Club of Canyon Sunday afternoon.

"We just want to give people an opportunity to see what these kids can do," commented Mrs. Fisher. The Fishers have worked with the school for a number of years now and recently purchased molds, tools and other equipment to work with plastic resin at the school.

"In our crafts projects, the boys do most of the work with the plastic resin while the girls are learning about mosaics," commented Fisher. "I teach about 10 boys, ages 10-16, in the craft class and we have made a number of things."

"Of course I have to watch the boys closely and help with each project—but we hope in time that the boys will be able to do a large portion of the projects by themselves," Fisher explained.

"For instance when we are putting the catalyst into the resin—they like to count the drops, but if they become mixed up in their counting they often want to start counting again, so that is why it is necessary to have supervision at all times," Fisher commented.

"The boys are especially adept at pouring the grapes and breaking the ornaments when they are finished but I have to do the drilling to mount the hangers, even though a few of the boys are able to help with the drill," smiled Fisher.

"They like to mix the plastic resin and pour it into the molds and feel such a sense of accomplishment when they pour the finished product out of the mold," Fisher said with a smile. "They may not do the best job in the world—but they like to try."

"These kids are on the level with a 5-8 year old child and something like crafts is really a treat to them...the girls do some cooking, ironing and have recently begun working with the mosaic tiles," said Mrs. Fisher.

Numerous articles such as key chains, paper weights, decorative grapes, and mosaic items will be exhibited at the local show. Several will also be for sale according to the Fishers.

"Funds we have made through the sale of these things go back into our crafts fund to purchase additional equipment for the

project and we have even bought a radio for the craft shop," stated Fisher.

The Fishers, who have three daughters of their own, find teaching the retarded children rewarding and challenging.

"These children don't know they are handicaps," Mrs. Fisher said. "They are happy children, and they try extra hard to please you."

"We teach them table manners, cleanliness, and some simplified academic subjects," said Fisher. Several of the children are doing well in addition and subtraction but "are not qualified to enter the public schools".

So the problem of what to do with these children, who will someday be adults physically, enters the concern of teachers and parents.

In only a few years, the plight of the mentally retarded child has been changed from the back room to public schools and even to public jobs.

## New Trends Are Discussed At Meeting

Dr. Lee Williamson, assistant superintendent on secondary instruction for the Amarillo Public School system, spoke to the Canyon Classroom Teachers Association recently.

Topic for his speech was "New Trends in Education". The meeting was conducted at Gene Howe Elementary School, said Herman Demus, president of the organization.

Mrs. Judy McClarty conducted a choir composed of fourth through sixth graders for the musical entertainment.

Guests of the classroom teachers from the administration of the Canyon Public School system were Luther Lawless, principal of Gene Howe; Oscar Hinger, Rex Reeves principal; and Mrs. A.B. Holt, Rex Reeves supervisor. Also present were several student teachers, Demus said.

Mrs. Zoe Henry gave the invocation and the Gene Howe teachers provided refreshments for about 80 present.

Next meeting for the organization will be a community appreciation dinner May 13 at Canyon High School, Demus said.

## Former Resident's Husband Dies

Forrest Small, 53, of Sunbury, North Carolina died last Thursday.

Mrs. Small is the former Winnie Dee Hicks of Canyon. She is a daughter of Mrs. Frank Hicks of Amarillo.

MR. AND MRS. OREN FISHER look over a display of plastic resin hobby ideas made by handicapped children which they instruct. A number of items made by the youths will be on display Sunday at the "craft and hobby" show sponsored by the Woman's Book Club of Canyon.

## Juniors To Fete Seniors

Canyon High School junior class will host a banquet and dance for the CHS seniors Saturday night at 6 o'clock in the West Cafeteria at West Texas State University.

About 300 students and guests will attend the annual affair, said Mrs. Molly Puckett, co-sponsor of the junior class.

Joe Moore, junior class president, will welcome the guests, which will include faculty and school board members. Saga Foods, of WTSU, will cater the dinner.

Following the banquet, "The Illusions" will provide music for a dance in the Ballroom of the Student Union Building.

Theme for the banquet and dance will be "April in Paris", with decorations in the cafeteria and ballroom, according to Mrs. Puckett.

Funds for the affair were raised by the annual junior class magazine sale held in September.

Rex Manley is co-sponsor of the junior class.

## WT Speech Students Top-Rated

Steven Busby, student at West Texas State University, received a superior rating in the "speech to entertain" division of the annual Forensics Tournament at the Southern Speech Association held recently in Miami, Fla.

Other ratings given WTSU students were Sammie Monroe, women's extemporaneous speaking, excellent; Busby and Miss Monroe, college debate, excellent; Laura Edler, speech to entertain, good; and Busby, men's extemporaneous, good.

About 332 students from high schools, colleges and universities throughout the South participated in the tournament.

### Mrs. Bruse In Race For Treasurer

A lifetime Republican, Mrs. Ralph (Aubrey) Bruse has announced for the office of Randall County treasurer.

Although Mrs. Bruse has held many offices in civic organizations, this is her first try for public office.

Mrs. Bruse is a graduate of the University of Nebraska and a native of Nebraska. She and her husband, who is a branch manager for Allis-Chalmers and a former FBI agent, have two children. They are Robert, 20, and Richard, 15. She is an accountant and holds a BA degree in Business Administration.

She serves as legislative chairman for the Amarillo Women's Republican Club and as third vice-president and Finance Chairman of the Texas Federation of Republican Women.

She is chairman of the committee for National Library Week in Amarillo and is a member of the board of the Amarillo Library.

She is a charter member of the Friends of the Library and was first appointed to the Library Board in 1962.

She was reappointed in 1964 for a four year term.

In spite of her demanding schedule, she takes time to keep herself informed on current state legislation and abreast of local developments in government.

She is politically active on the grass roots level doing organizing, speaking, precinct work or doing door to door work. She has served as a delegate to county and state party conventions.

Her campaign is based primarily on her belief that a two party system is essential to good government.

Mrs. Bruse is active in various types of civic work. She is state treasurer for the American Association of University Women at the present time. She is district consultant for the same group for the Panhandle area.

She is a member of the First Congregational Methodist Church and has been a Sunday school teacher. She is a past president and treasurer for the Amarillo Branch of AAUW.

She is a past president of the Amarillo Women's Republican Club. She is a resident of South Amarillo and has lived in Randall County for the past 13 years.
